1. This memorandum is in response to your requirement dated 8 July 1964 which requests a search of the most recent photography for an SA-2 site which may have been responsible for the loss of [REDACTED] off the south China coast.

2. Detailed analysis of good quality photography from [REDACTED] failed to reveal any evidence of SA-2 sites of known configuration within 30 nautical miles of the flight path for the final ten minutes of [REDACTED]. As scattered clouds, and in some instances heavy clouds, prevented the search from covering the entire area, the absence of an SA-2 site cannot be confirmed.

3. The photo analyst on this project is [REDACTED] who may be contacted on extension [REDACTED] should you have any further questions concerning this project.

4. This project is considered to be [REDACTED]
